AFFAIR LOOMS LARGER
AS IT DRAWS NEAR

OCTOBER 12 AND 13 WILL
BE GREAT DAYS IN
PENDLETON

SOME NOTED MEN

Served as Society's President
Among Them Being John
C. Calhoun.

The centennial celebration of the
Pendleton Farmers' society looms
larger as it draws nearer. October
12 and 13 will be great days in that
historic town filled with relics and
bathed in memories of deeds and
dreams prominently as a place where
men have lived who have done things
that influenced the progress and the
character of the commonwealth.
Many of the leading men of other
sections of the state, especially of
the coast section, have been identified
with Pendleton in one way or another.
So, the centennial will take the
nature of a South Carolina affair.
It is most fitting that one day's
exercises of the centennial shall be
held at Clemson college, October 14,
for there is a striking relationship ex-
isting between the two institutions.
John C. Calhoun, for several years
the president of the Pendleton Farmers'
society, owned the property on
which Clemson now stands, and his
home is still standing in good condi-
tion. Thos. G. Clemson, son-in-law
of Mr. Calhoun and also president of
the society, willed the Calhoun es-
tate, which he had acquired, to the
state for the purpose of founding an
agricultural college. S. F. Simpson,
friend of Clemson and father of Col.
R. W. Simpson, chairman of the
board of trustees of the college from
its foundation until a few years ago,
was likewise president of the farmers'
society; as was also Col. R. W.
Simpson, Dr. P. H. E. Sloan, treas-
urer of the college from the organiza-
tion of the institution till his death
this year, was treasurer of the farmers'
society from 1876 to 1886. Col.
D. K. Norris, a life trustee, was both
vice president and president of the
society for several years. No doubt
discussions at the meetings laid the
foundation for the demand for an
agricultural college. A committee of
seven was appointed in November,
1883, "to investigate the feasibility of
founding an agricultural college; and
Major Benjamin Sloan was a member
of that committee. He is the only
survivor, and he expects to be at the
centennial.

A list of the presidents, furnished
by Rev. W. B. Mills, shows that
many of the leading men of the state
served the society.
The "square" at Pendleton, where
the exercises will be held, is a grass-
covered elm-shaded acre in one end
of which the old two-story brick ball
stands and in the other end of which
the "calaboose" is situated. The old

"CASCARETS" FOR A
COLD, BAD BREATH
OR SICK HEADACHE

Best for Liver and bowels, for bil-
iousness, sour stomach and
constipation.

Get a 10-cent now.
Furred Tongue, Bad Colds, Indigestion,
Sallow Skin and Miserable Head-
aches come from a torpid liver and
clogged bowels, which cause your
stomach to become filled with undig-
ested food, which sours and ferments
like garbage in a swill barrel. That's
the first step to untold misery—indig-
estion, foul gases, bad breath, yellow
skin, mental fears, everything that is
horrible and nauseating. A Cascaret
tonight will give your constipated
bowels a thorough cleansing and
straighten you out by morning. They
work while you sleep—a 10-cent box
from your druggist will keep you
feeling good for months. Mill— a of
men and women take Cascarets, now
and then to keep their stomach, liver
and bowels regulated, and never know
a miserable moment. Don't forget the
children—their little insides need a
good, gentle cleansing, too.

STOP CATARRH! OPEN
NOSTRILS AND HEAD

Says Cream Applied in Nostrils
Relieves Head-Colds at Once.

If your nostrils are clogged and
your head is stifled and you breathe
freely because of a cold or catarrh,
just get a small bottle of Ely's Cream
Balm at any drug store. Apply a lit-
tle of this fragrant, antiseptic cream
into your nostrils and let it penetrate
through every air passage of your
nose, soothing and healing the inflam-
ed, swollen mucous membrane and
you get instant relief.
Ah! how good it feels. Your nos-
trils are open, your head is clear, no
more hawking, sniffling, blowing; no
more headache, dryness or struggling
for breath. Ely's Cream Balm is just
what suffers from head colds and
catarrh need. It's a delight.

AT THE BLOU EVERY
THURSDAY

SOUTH MAIN STREET
BE OPEN SATURDAY

FROM CHURCH STREET TO
RIVER STREET ON WEST
SIDE.

"South Main street will be opened
to traffic from Church street to River
street Saturday," stated City Engineer
Sanders yesterday afternoon. "These
rainy days have been fine on the
brick paving since it helps the con-
crete. Strange to say, concrete does
better under water than it does out
of it."

The opening of this stretch on
South Main will greatly relieve the
congested traffic on that side of the
city. For the past few weeks only
the east side between the car tracks
and the curb have been open and it
has been rather inconvenient.

The brick laying crews are now at
the top of University hill on South
Main and will get down to Norris
street by tomorrow night if the weather
permits. The force was working
all day yesterday and good progress
was made. When they reach Norris
street the crew will turn back, com-
ing up on the other side of the car
track.

A window curtain will catch fire
from an open or swinging gas jet,
or from the careless lighting of a
cigar near it.

hall is in a good state of preservation.
The lower floor is used for the U.
S. postoffice and the upper floor is
used by the farmers' society and
other organizations. In this upper
story are placed the exhibits at the
annual fairs. Here too the exhibits
of the centennial will be placed. In
addition to the purely agricultural
displays there will be shown many
curious relics that have not been
seen in years. There will be pic-
tures of former members who were
especially distinguished for their ser-
vices to the state. The exhibit from
the state department of agriculture
will be displayed in two store rooms
that have been prepared for the oc-
casion. Consequently the centennial
will not only recall what has been in
agriculture but will point the way to
new and better methods.

The parades of farmers' wagons
and floats in the afternoon will be a
big feature that will both delight and
instruct. There will be shown also
many fine horses and cattle of all
kinds. Judging from the records of
the society this was early a great live
stock section. Especially was this
true in the time of Andrew Pickens
Calhoun a son of John C. Calhoun.
He is recorded as having received
many prizes for fine blooded stock.
Along with these there will be a spec-
imen or two of the ancient "razor"
back just to show how much progress
has been made.

There will be music and the many
accompaniments that go with the
usual fair. And there will be plenty
to eat. The restaurants have prepared
to feed thousands it is stated; and
the ladies of the various churches will
furnish lunches, so that no one need
go hungry. There is talk also of a
barbecue each day. Be it remembered
that Pendleton has put on city airs
in the last few years. The old wood-
en stores with solid wood shutters
have been replaced largely by modern
brick structures.

Many agricultural organizations and
interests will be represented by dele-
gations and exhibits. Greetings will
be borne to the society from the agri-
cultural society of South Carolina the
Darlington Agricultural society, the
Beech Island Agricultural Society, the
Farmers' union, Shultz Hill Agri-
cultural society, and S. C. Agricultural
society.

The list of speakers for the cele-
bration is a formidable one from the
standpoint of numbers, but many of
the speeches will be limited to a few
minutes. In fact only a few are ex-
pected to take on the proportions of
addresses. There are some noted
men whose names appear on the pro-
gram. On the opening day, Col. J.
B. Stripling, president of the society
and the man whom there will be no more
happy man in all the throng will make
the address of welcome to be follow-
ed by W. W. Long of Clemson, who
will introduce the orator of the day,
Mr. Clarence Poe, editor of the Pro-
gressive Farmer.

The speakers for the second day in-
clude Governor Manning, Fairfax
Harrison, president of the Southern
railway, Congressman A. F. Lever,
and Hon. D. F. Houston, secretary
of agriculture for the United States.
The Rev. W. H. Mills of Clemson
college will make an address on that
day presenting "The Contributions of
the Pendleton Farmers' society to
Southern and South Carolina Agri-
culture."

The exercises of the third day will
be held at Clemson college and will
be presided over by President W. M.
Riggs, Hon. Alan Johnston will make
the address of welcome. Congressman
Lever and Mr. Fairfax Harrison will
make addresses. A dress parade will
be given in honor of the visitors by
the cadets at 12 o'clock. At 3:20
the representatives of agricultural
societies will be entertained at din-
ner.

The Pendleton people have made
great preparations for the event,
which they regard as one of the great-
est occasions in the history of the
town. There is every indication that
there will be record-breaking crowds
in attendance. Many will go to re-
new old acquaintances and review the
scenes of their boyhood days. The
number of men of prominence that
are connected with Pendleton in one
way or another is very large.

CALOMEL WHEN BILIOUS? NO! STOP!
MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" is Harmless To
Clean Your Sluggish Liver
and Bowels.
Here's my guarantee—Go to any drug
store and get a 50 cent bottle of Dod-
son's Liver Tonic. Take a spoonful and
if it doesn't straighten you right up
and make you feel fine and vigorous I
want you to go back to the store and
get your money. Dodson's Liver Tonic
is destroying the sale of calomel because
it is real liver medicine, entirely veg-
etable, therefore it can not salivate or
make you sick.
I guarantee that one spoonful of Dod-
son's Liver Tonic will put your sluggish
liver to work and clean your bowels of
that sour bile and constipated waste
which is clogging your system and mak-
ing you feel miserable. I guarantee that
a bottle of Dodson's Liver Tonic will
keep your entire family feeling fine for
months. Give it to your children. It is
harmless; doesn't gripe and they like its
pleasant taste.
Ugh! Calomel makes you sick. It's
horrible! Take a dose of the dangerous
drug tonight and tomorrow you may lose
a day's work.
Calomel is mercury or quicksilver
which causes necrosis of the bones.
Calomel, when it comes into contact
with sour bile crashes into it, breaking
it up. This is when you feel that awful
nausea and cramping. If you are slug-
gish and "all-knocked out," if your
liver is torpid and bowels constipated
or you have headache, dizziness, coated
tongue, if breath is bad or stomach sour,
just try a spoonful of harmless Dodson's
Liver Tonic tonight on my guarantee.

Have the electric wiring in! Do not permit workmen to use
your house inspected every two or gasoline fire-pots in burning off
three years. paint.

THE COLE ONE-HORSE GRAIN DRILL.

If you plant your grain crop right between your cotton or corn rows
with a COLE ONE-HORSE GRAIN DRILL, you are far surer of a good
stand when winter is over than if you sow broadcast, or with a Western
Drill.

With one of these machines you can go right between your cotton or
corn rows and plant three furrows at a time. No need to wait until the
crops are gathered. No need to make seven trips to plow and harrow
the land. The soil of your fields is well cultivated in summer and by
grain-growing time is well settled, making an ideal seed-bed for grain.
Just plant your crop between the rows with a Cole. Save 7-8 of the
labor. One man and one horse can easily plant 6 to 8 acres a day. Be-
sides your cotton or corn crop you get a good grain crop and you can fol-
low this with a cow-pea crop in the spring and plant it with the SAME
MACHINE.

Sow Grain Between Your Cotton or Corn Rows
The seed are planted in little furrows which protect the grain from the
winter winds and cold. No danger of the plants "sprouting" up. The
seed are planted in a basin where they receive the moisture they need.
You can sow three rows at a time with a Cole No. 34. Our other ma-
chines sow one and two rows. Fertilizer can be applied at the time of
planting, and the machine is splendidly adapted to applying fertilizer to
growing crops. Don't accept any of the shoddy imitations offered. See
that you get the genuine COLE.

Sullivan Hardware Co.
